Web: www.coopfund.coop

Funding Co-ops, Supporting Communities

The Cooperative Fund of New England (CFNE) is a revolving loan fund that supports grassroots, community-controlled economic development in New England. Organized in 1975, through the efforts of cooperative activists and social investors, the Fund provides vital resources and support to co-ops and nonprofit organizations that serve their communities.

You can help support cooperative development in our region by investing in CFNE or making a tax deductible contribution, by encouraging your co-op or community organization to apply for a loan from CFNE, or simply by purchasing products from cooperative businesses in our region. When you shop at a food co-op, you're supporting a very different kind of grocery store - one that is democratically owned and controlled by its members and organized to serve the needs of people before profit. Please consider becoming a member of your local co-op and put your dollars to work in your community. For more information, please visit our website at www.coopfund.coop.
